

Yelyzaveta Denysova (6667596)

2021 - Fall - Computer Science / W-2 Work

JUNIOR DEVELOPER Co-op Student - Government of Ontario (Ontario Public Service) (Ministry of Transportation)

Work Term	September - December
Supervisor Name	Jodi
Supervisor Title	Janzen
Supervisor Email	Jodi.Janzen@ontario.ca
Student Job Title	JUNIOR DEVELOPER Co-op Student

Please indicate the degree to which this co-op student has made an impact (e.g., performance, financial, customer satisfaction, growth, etc.) in your organization during their work term.

Please briefly describe the difference or impact the student made to your team.

Other: Demonstrated meaningful work and has made an excellent impact on the organization

Elya had a significant impact on our organization. She was able to jump in day one as a Jr. Developer and immediately began to make an impact on the Digital World (Learning and Development Solution) product. Elya not only performed the tasks she was assigned with a high degree of quality, but was able to assist our other coop student and took it upon herself to identify and remedy legacy code that needed repair. Elya also performed lab research and prepared an amazing report and presentation on tools and technologies that the ministry should consider to enable the ministry's Data Marketplace.

Apply Knowledge	4
Communicate Effectively	4

What competencies, NOT listed on this form, are relevant for this student position?

Technical Skills

Overall Evaluation

Excellent: Consistently exceeds expectations and delivers desired outcome of the work.

Additional Comments on your evaluation:

Elya did an amazing job for us and I wish she could have stayed with us for another term. She is extremely motivated and has strong technical and communication skill and demonstrated her abilities on a daily basis. It was a pleasure having Elya as part of our team.

Feedback regarding your observation of your student's overall performance**Major Strengths**
