

Yelyzaveta Denysova (6667596)

2021 - Spring - Computer Science / W-1 Work

Lead Instructor - Code Ninjas (Burlington)

Work Term	May - August
Supervisor Name	Katlyn Pinder
Supervisor Title	Center Director
Supervisor Email	katlyn.pinder@codeninjas.com
Student Job Title	Code Sensei

Please indicate the degree to which this co-op student has made an impact (e.g., performance, financial, customer satisfaction, growth, etc.) in your organization during their work term.

Other: Demonstrated meaningful work and has made an excellent impact on the organization

Please briefly describe the difference or impact the student made to your team.

Throughout Elya's employment with us she has shown a very strong leadership role. She takes the initiative when need be and that was a very big role for our center during our coding summer camps. Elya took the time to show the kids and demonstrate the different types of coding we were teaching during her time with us. She lead our summer with a very strong work ethic and contnously went above and beyond.

Identified Core Competencies

What competencies, listed on this form, are most relevant for this student position?

Apply Knowledge
Communicate Effectively
Be Curious
Think Critically

What competencies, NOT listed on this form, are relevant for this student position?

Overall Evaluation

Other: Very Good: Often exceeds expectations; Requires little to no additional directions to achieve desired outcome of the work.

Additional Comments on your evaluation:

Elya was an outstanding addition to our Code Ninjas team during

her work term. She worked well with others and took the lead when we needed her to. A big part of our summer camps is to be able to teach the kids the coding curriculum but to also have fun with them and Elya exceeded those expectations. There were times I would see Elya running around, laughing, and being a kid with the kids and that was a very big deal for us. She had great enthusiasum. Elya worked very well under pressure, when things would go wrong during camp or when coding wouldn't work Elya was right there having a plan b.c.d. ect.. I would recommend Elya for a full-time position at any workplace.

Feedback regarding your observation of your student's overall performance

Major Strengths

Elya has several strengths being leadership, initiative, work ethic, and enthusiasm. Elya was always dedicated to her work and went the extra mile.

Areas for Improvement

The only area of improvement I would give Elya is her communication. She would take the initiative in cetain areas but she would need to communicate that with me and her co-workers.
